

SW110 THALIMA

PEGASO  
S.r.l.

CHARTER

Built in 2010, and refitted in 2024, SW110 Thalima represents the achievement of the fine-tuned and well-established team work between Southern Wind Shipyard, Farr Yacht Design and Nauta Design. A true luxury bluewater cruiser which features the perfect blend of a high-performance and nimble yacht, fun to steer, aesthetically linear, designed for high sailing performance to combine relaxing cruising and exciting sailing. Thalima Crew of five enthusiastic professionals is excited to welcome you onboard and make your cruise an ultimate and memorable experience.

SW110  
THALIMA

Thalima deck plan has been designed for easy sailing and comfort both for crew and guests. The separate aft crew cockpit is an ideal maneuvering space with independent and direct access to the crew quarter without passing through the guest area.

A dodger, bimini with removable side panels and a boom-extended awning mean maximum flexibility for shading the guest cockpit and the sun-bathing area and protecting guests from bad weather.

SW110  
THALIMA

Thalima underwent an extensive interior refit in 2024, resulting in a completely new furniture and flooring revamping her modern, spacious, and bright interior. The refit was achieved using a carefully curated selection of premium materials, colors, shapes, and lighting, creating a décor that is simple yet elegant, with a contemporary edge and a welcoming atmosphere.

The great interior layout features a clear separation between the crew and guest areas for mutual privacy and relaxation..

The spacious master suite is served by a study area, a walk-in wardrobe and a private head that includes a luxury and spacious shower.

The guests area is complemented by the full beam well-lit saloon and by three generous guest cabins.

The twins with separate berths are aft located, while the ample VIP cabin is equipped with a king size bed open on both sides and a spacious bathroom with shower.
